

PTEXIM CORP
D O T H E B E S T

BioBlue

PTEXIM
Laboratory

ISO/IEC 17025 Accredited Laboratory

**Trusted Analytical Solutions
for Global Food & Spice Industries**

Compliance

• Global Standards

• Reliability

• Fast Turnaround

More Than 20 Years Supporting
Global Agricultural Trade

Rooted in more than two decades of international trade experience, PTEXIM Laboratory delivers precise analytical services that empower businesses to meet global standards with confidence.

PTEXIM at a Glance

20+

Years in Agricultural
Export Industry

950+

Testing Parameters

24–72

Hours Turnaround

200m²

State-of-the-Art
Laboratory

- Advanced LC-MS/MS & GC-MS/MS Platforms
- Serving Domestic & International Clients

Fast Turnaround

Reliable results, delivered on time.

01

International Standards

Testing performed in accordance with globally recognized methods.

02

Technical Expertise

Experienced scientists providing practical testing guidance.

03

Customized Solutions

Testing programs tailored to your products and target markets.

04

Digital Sample Tracking

Real-time sample status through our CENLAB system.

05

Cost Efficiency

Optimized testing with maximum value for your business.

06

ANALYTICAL EXCELLENCE

LC-MS/MS
Liquid Chromatography-
Tandem Mass Spectrometry

GC-MS/MS
Gas Chromatography-
Tandem Mass Spectrometry

ICP-MS
Inductively Coupled Plasma
Mass Spectrometry

Chemical Safety

- Multi-Residue Pesticides
- Ethylene Oxide
- Mycotoxins
- PAHs
- Sudan Dyes
- Heavy Metals

Microbiological Safety

Indicator & Spoilage Organisms

- Total Plate Count (TPC)
- Yeast & Mold - Coliform
- Enterobacteriaceae
 - Escherichia coli

Foodborne Pathogens

- Staphylococcus aureus*
- Bacillus cereus*

**FOODS SAFETY
TESTING SERVICES**

- Air & Water Quality
- Personnel Hygiene
- Food Contact Surfaces
- **Hygiene Monitoring**

Note: For urgent samples requiring same-day results, please coordinate with the laboratory's sample-receiving unit for further details.

INDUSTRIES WE SERVE

Quality Assurance Across Sectors

Spices & Seasonings

Pepper Industry

Coffee & Tea

Processed Foods

Food Ingredients

Fruits and Vegetables

Nuts & Seeds

 Client Actions

- ① Consultation
- ② Sample Submission
- ③ Online Tracking

 Laboratory Actions

- ① Sample Preparation
- ② Testing and Analysis
- ③ Review and Validation
- ④ Online Report Delivery

Pesticide Residues

1-3 days

Mycotoxins & Sudan Dyes

1-3 days

Ethylene Oxide (EtO) & PAHs

3 days

Microbiology

• E.coli

1 day

• Staphylococcus aureus

2 days

• Enterobacteriaceae

1 day

• Total Plate Count

3 days

• Coliform

1-3 days

• Yeast & Mold

5 days

• Bacillus cereus

1-3 days

TARGET MARKETS AND REGULATIONS

Supporting Global Market Compliance

We don't simply test products. We help businesses understand what it takes to enter and remain in global markets.
